LA. SPORT.

Together, we can rebuild great equestrian sport in Los Angeles.

We all share the same dream: to see sport thrive again at the Los Angeles Equestrian Center.

That dream is within reach. By coming together as a community of trainers, riders, owners, and fans, we can bring it back to life.

Pacific Ridge Show Jumping is proud to launch its inaugural season at LAEC.

With your support, we can lay the foundation for something extraordinary, not just another horse show, but a true return to high-level, athlete-first competition in Los Angeles. In order to do so, we all have to work together.

We hope you'll join us in this mission through your support as a barn sponsor.

-STEVE

WHAT MATTERS TO US AT PRSJ?

1

1. Run a good horse show. First and foremost, we are in the business of running horse shows, and what matters most is doing it well. Easier said than done, but with a focus on the details that matter, e.g., schedule, ring management, footing, cleanliness, you'll know that this is our clear priority.

2

2. Put horses and riders first. This priority has perhaps not been challenged in our sport as much as it is being challenged now. We are fortunate that horses give so much and we owe it to them to make sure their health and safety, and that of their human athletes, is at the forefront of everything we do.

3

3. Sport over entertainment. Sport and entertainment. Like all sports today, the line between sport and entertainment is increasingly blurred. But in the spectrum of sport to entertainment, we lean heavily toward sport. Equestrian sport is unique in that it involves both people and animals. Every day we are reminded of the special, mutual bond that makes our sport what it is, and we exist to celebrate, support, and build upon what this means to everyone.
